SUBJECT : DoD Request for Assessment of the Warsaw Pact Threat

1. Attached is a recommended reply to Dick DeLauer's request for an IIM or SNIE on the above subject. While the scope of study is rather narrow, I recommend that we do a SNIE. The matter is controversial within the Pentagon, particularly the Air Force, and a SNIE will afford the issues the visibility and prominence they merit.

2. One key problem: We may not be able to produce a useful study at the NATO Secret level. I've asked Ted Atkeson to initiate the effort and advise us of the likelihood of doing a Secret version as the work progresses and the matter becomes clearer.
